Don't be afraid to dream aloud
The things you want to do
Just saying what is in your heart
Will help your dreams come true. . . .

Don't search for inspiration when
You have a task to do
Just start your work and you will see
That it will soon find you. . . .

Don't Just Dream... Be Inspired
Deepshikha Kala Sansthan is a registered, non-profit organization, comprising of several institutes, engaged in training, consultations and research in management, engineering and polytechnic curriculum.

With a history dating back to 1976, when it was established by a team of committed professionals and academicians, Deepshikha kala Sansthan has made distinctive contributions to the society to the society and economy. We have an unconditional commitment to provide quality education that is relevant to corporate world today.

Deepshikha kala Sansthan offers qualified and experienced staff, advance infrastructure and tie-ups with local and national bodies to let students acquire the highest level of knowledge and business aptitude that would help them to stand high in the increasingly challenging world.

The society is providing education with a vision: “To emerge as a center of excellence and innovation through leadership in professional education with concern for human values and social development.”

Deep Shikha Kala Sansthan was founded in 1976 with an aim to create academic excellence. Today society offers wide range of technical/professional courses in the field of Management, Engineering, Pharma, IT, Computers and Education. The Society has established a cluster of educational institutions in rural and urban areas in last 37 years. At Deepshikha, we very well understand the need of future professionals.
To Develop and create a unique and world class institution in the area of Information Technology.

To educate men and women for careers of leadership and innovation in the field of management and technology, with a special focus on people from rural.

To expand the base of engineering and management knowledge through research and by developing technology to serve the needs of society and nation.

To benefit the public through service to industry, university, NGO, Government and the engineering and management profession.

To Emerge as a centre of excellence and innovation through leadership in professional education with concern for social and human values.

Rastriya Ratan
Lt. Shri Nirmal Kumar Ji Surana

Rastriya Ratan Lt. Shri Nirmal Kumar Surana Laid the foundation of Deepshikha Society way back in 1976. His vision was not only to provide education but to inculcate social and moral values in the students. Deepshikha family gives tribute to a man, with golden heart and great cause, by providing merit-cum need scholarship worth Rs. 1,00,00,000 every year and also by establishing public library at “Anuvibha” Malviya Nagar, Jaipur.

Prem Surana
President, Deepshikha Kala Sansthan

“Deepshikha Kala Sansthan, “A centre of Excellence” in Technical & Management Education has completed more than 36 years which place this society as a leading Technical Education Society in the State of Rajasthan. Results speaks itself, during this journey more than 1,00,000 professionals have successfully completed their studies and now managing the affairs of the leading companies in the field of Engineering, Information & Technology, Marketing and Management. Now Deepshikha is well set to take care of future challenges and industry expectations. It has well developed campuses with modern teaching aids & Facilities.

The faculty is well qualified and efforts have been made to engage eminent visiting faculties from various field/sectors. I am personally dedicated to this Society and no stone left unturned in creating the world class facilities in the campuses, overall professional qualities development to gear up the students to be the future Tycoons in their respective fields.
Meenakshi Surana  
*Founder Chairman & Director, Deepshikha Kala Sansthan*

The need of quality technical education in the State as well as in the Country was realized by my father-in-law, Late Sh. Nirmal Kumar Surana, with a vision to develop professionalism in Indian youth. Keeping pace with this, Deepshikha Kala Sansthan was brought into existence in the year 1976. In this journey of last 36 years, came across with many problems but my aim was to give the best to the young generation of the State to prepare them in entering the corporate world.

My efforts were to bring out the hidden talents of the students of Deepshikha Kala Sansthan and to prepare them for the future challenges of life. In this journey of more than 36 years, Deepshikha Kala Sansthan is now on the doorsteps of millions of talented youth who are now well placed in the corporate world and others in queue to fulfill their dreams through 17 world class technical and management institutions with an upcoming technical university.

Anshu Surana  
*Vice President, Deepshikha Kala Sansthan*

“The Indian Economy has shown robust performance in the past - an overall increase of 9% & indications are there that this increase is sustainable in future also and will create adequate demand of professionals in the field of Engineering & Management. It is hearting to note that Deepshikha Kala Sansthan, a leading & premier Education Society in the service of Technical & Management Education for the last 4 decades is well set to meet these challenges and committed to excellence in Technical Education with an objective to promote specialization in Management studies.

Deepshikha Kala Sansthan’s Management Institutions are amongst 100 best Business Schools in the country. Objectives are to bridge the gap of expectations of Industry and career aspirations for the professionals produced by Deepshikha Kala Sansthan.
Deepshikha Kala Sansthan has always been a magnet for celebrities and has been happy to welcome over the years a great variety of distinguished visitors renowned in their respective fields of work.

Various management guests, society readers and technical experts have been regular visitors over the years sharing their experience & ideas with students and faculty as well, no doubt holds a great importance in carving their technical and managerial skills. Our magic appeal has extended in to the modern years with more recent celebrity visitors including Salman Khan, Arbaaz Khan, Sonakshi Sinha, Tushar Kapoor, Kulraj Randhawa, Miss India Neha Kapoor and Indian idol Abhijeet Sawant.

Learning Resources

Amphi- Theater Styled Lecture Halls
The Lecture Halls at all the colleges are spacious and scientifically designed to ensure that each student has sufficient space, and each faculty member has the facilities necessary for addressing a large audience. All lecture halls are equipped with specialized teaching aids for projections and presentations.

The Internet
At Deepshikha, we provide extensive global exposure to our students through the Leased Line Internet facility. We have an Internet Club which is used by our students to interact with their counterparts in other institutions and use the Internet as a platform for exchanging ideas. This helps them to prepare their presentations, dissertations and projects.

Digital Library
We have a fully computerized library in all the colleges. It has a large collection of books covering several disciplines like Management, Finance, Economics, Marketing, HRM, Law, Environment, Psychology, Research Methodology, Engineering, Information Technology, etc. Specialized books on various Computer languages are also stocked and updated regularly.

A wide range of national and international journals, magazines, periodicals, newspapers and information bulletins of world repute are regularly subscribed.

Computer Lab
Information Technology is evolving at such a fast pace that updating a computer lab’s software and hardware resources is a regular task of our computer professionals. Our Computer lab is geared to provide a high-tech environment for all courses. The Computer lab has latest Configuration Machines on LAN. All computers are multimedia and are networked to scanners & printers.

Financial advice
The student advice, information and funding service can provide advice and information on: Fees, loans, benefits and other student scholarship available. We have already tied up with leading nationalized and private banks for education loan services. Being a student of Deepshikha group of colleges students can easily avail education loan facilities from any leading banks.
Learning Resources

Free Personal Insurance
All the students who enroll in Deepshikha Colleges have free personal accident insurance under group insurance scheme of Rs. 70,000/- per student through State Insurance.

Seminars and Presentations
At Deepshikha, we recognize that oral communication is an integral part of living a successful life. The students make presentations of lecture-cum-discussion sessions using audio visual aids to convey ideas and plans in an organized fashion. The topics generally relate to macro business environment, economic problems and government policies and other courses. The preparation for such seminars involves in-depth studies of the topic concerned.

Accommodation
Separate boys & girls hostels are available in the campus. Priority given to the outside students & who apply by admission deadline as decided by the college. Hostel have single, double & triple sharing bedrooms equipped with bathrooms and toilets. Each bedrooms is fully furnished & includes bed, mattress, study area and cloth storage space. Each hostel block has a telephone in the lounge. Residents can receive incoming calls and access all internal extensions within the college campus free of charge. There is also a TV room with VCD, DVD & Cable TV.

Project Work
Students form teams to carry out the projects. These projects may be proposed by the college or by the students & cover several types of activities. Project work offers the students an opportunity to understand practical business environment.

Counseling Service
It provides confidential help and advice on any private and personal concerns you may have throughout your time at the college. It also arranges workshops and groups on motivation, confidence, relaxation and more.

Experimental Learning
Experience is one of the first ways to learn. Through training exposure students gain valuable work experience to deal with real life situations. This integral practical know how gives students advantage and makes our teaching pedagogy a unique learning experience.
Choosing a career and succeeding in today’s job market is more complex and competitive than ever. The Career services at Deepshikha provide an extensive range of services and activities to help you make informed decisions about your potential career choices. Whether you need assistance deciding upon further study options, work opportunities or starting your own business, we shall provide you with the career management skills to develop your future career.

Our career services provision includes:

1. Career education and development programmes, aspects of career choice, job search, recruitment and selection process, psychometric aptitude testing, skills to start your own business, enterprise & lot of commercial awareness.

2. At Deepshikha you get the opportunity to Record, review and plan your career.

3. We provide you with an effective resource database for filling application forms for employment, compiling updated CVs and further research.

4. We provide you with comprehensive record of study and practice to increase your learning and subject knowledge.

5. We provide comprehensive information resource containing preference and free materials, on a wide range of options relating to graduate occupations, courses, career planning, self employment, voluntary work, time out and job/course hunting.

6. We provide with an updated record of Opportunities related to placement and job vacancies with leading employers & companies.

7. We also provide access to multiple career Opportunities that will help in your future role of a successful employee. Through annual career fairs, presentations, cultural and technical programs.

8. The career services also maintain extensive network with employers & with career related services.
Looking at the global competition where getting a good job is very difficult, the college’s placement cell has been successful in inviting and keeping campus drive of different companies which are well known in corporate sector.

The students go through exhaustive training schedule of Aptitude Test, Tech. Round, GDs, and Personal Interviews. The placement cell provides not only the good job profiles but it also grooms the students so that when they step out of the college they are ready to face the challenges ahead.

Every year our colleges are visited by many companies for the placement of students of all courses.

Recently campus drive of E-Scan Microsoft, Wipro and Indian Army was there where students were selected on decent packages. The placement cell feels proud to give a crop of responsible youth to the Nation.
thousands of STUDENTS GETTING PLACEMENT....

THANK YOU, EMPLOYERS
CREATIVE EVENTS

Keeping in view an all-round development of our students we believe in bringing our students and society closer. By organizing and participating in various events, students can get a first-hand exposure of society at large. Events allow students the opportunity to learn more about the world around and give them much-needed exposure and experience. Moreover, events work as stress busters and create opportunities for students to have fun.

We think, Events develop and nurture a ‘feeling’ students have of belonging, a feeling that students matter to one another and the society thus develop values and sense of responsibility.
